## Alberta Irrigation Farmers Successful

Farmers on irrigated land in Alberta have had an opportunity of showing their products beside those of farmers in the irrigated districts of Idaho with a result very favorable to the farmers of Alberta.

In an exhibition of irrigated crops held at Pocatello, Idaho, they won first prize for oats, field peas, garden beans, red clover and wheat of wheat.

The successful competitors were A. Garrow, R. B. Sangster, Don H. Barker and the Federal Land Company, all of Brooks, Alberta.

## Must Prepare for War

Foch Maintains Measure of Prudence Is Important.

Preparation for war is urged as a measure of prudence by Marshal Foch in an interview in the Excelsior. War is no longer an art, he said, but a science and industry, and the French can learn much from a study of the

"The lesson which France and the world should draw from the war is the lesson of prudence," the marshal said, "with the best wish in the world, war is not always avoidable. It can break on the frontiers of the most pacific people—perhaps most easily on those frontiers. It would be fatal to believe that one will not have to fight because one does not wish to fight. If it needs two for a fight, one alone is enough to be beaten."

Yours very truly,  
T. G. McMULLEN.

Lacombe Wins From Marshall-Wellis  
In Past Hockey Game  
The people of Lacombe turned out in a body to witness the game between Lacombe and the Edmonton Marshall-Wellis team. There were about 500 spectators, and there is all an enthusiasm.

At about nine o'clock the puck was faced and thirty five seconds after the face of Calkins sent the puck past the Edmonton goal keeper. A minute later Danner, our fast center scored another one. The Edmonton team then got down to business, and after frequent rushes broke through our defence and scored near the end of the period, making a score of 2 to 1 in favor of Lacombe.

Second period was fast and clean, each player doing his best, and both teams playing very even. Both teams managed to score this period, leaving a score of three to two in favor of Lacombe.

The last period was a hard one, and early in this period, Edmonton scored. This goal evidently nerved the Lacombe team, as they played furiously for about ten minutes, then breaking through the Edmonton defence at every rush, sent in five tallies in a row, leaving a total score at the finish of 8-3 in Lacombe's favor.

Lacombe's team was in fine shape, and it was their combination work that was the cause of the victory. Harry Parker, our tight wing man always a powerful game right through, and the Edmonton team had no control over him whatever, he could take the puck anywhere without being stopped, and has three goals to his credit. Much credit is also due to Ler Stearns our goal keeper, who made some good stops. The whole team played good hockey, and all agree it is much better to play the puck than the man. The Edmonton team played a great game also, and showed that they were good losers. Their forward man, E. S. Starred for them, and got close to our goal on two or three occasions, but it seemed as if luck were against him, as most of his shots went wild. The Edmonton goal tender played excellent and stopped many hard ones.

The Edmonton team was banqueting, and returned home happy, notwithstanding the loss of the game. The Lacombe team hopes to meet them again on Edmonton ice in the near future.

Lockhart News  
I suppose lots of people who read this budget will wonder where Lockhart is. Lockhart is the Metropolis of the famous Chigwell Valley, and is the high lands on the north, so now you know where it is.

The Blindman and Medicine Valley's report some very cold weather this week; but this favored valley has had very mild weather, only 45 to 60 below.

N. A. Palm and Carl Thomas are in Calgary this week at the big convention. If things are not run right it

won't be their fault.  
Lots of folk are clearing lands now lately. Dick Peterson has bought the Blackfoot farm and will move on it in the spring. Mrs. Hamilton has purchased the S. W. 15. Rimbey has bought a half section of C. 2, 10-42-16.  
J. W. Robson has purchased the quarter section on the east known as the Motion quarter.  
Mr. Bucknell of Bentley was through the valley last week. It is reported that he bought a section at C. 2, 10-42-16. Buck knows a good thing when he sees it.

Jim Strachan has put in a stock of groceries at the Post Office. Patience the home store, they need your patronage.

We have Lockhart has the best farmers hall in Alberta out side of the town. Main building 24x40. Kitchen and dressing room 12 x 40 furnished with a good piano and a full equipment of dishes and cooking utensils, all paid for in a year, and the money all raised by public subscription in this little valley. And then they say the farmers can't stay together.

There was a dance in the hall on Jan. 30th. Music by the Rimbey orchestra.

An Old Folks' dance and concert on February 6th. It is reported the music will be furnished by the Millar Johnson, Strachan famous Jazz Band.

A well attended U. F. A. meeting was held in the hall on Jan. 10, fifty eight members paid up for 1920, we expect to have seventy members at the next meeting. J. W. Robson was elected Sec. Treas.; Chas. Thomson, Pres.; Mrs. Len Sedores, Vice-Pres. Committees were appointed to arrange a program for each meeting in the future. We are also going to have a big concert in the hall in the near future. Come to Lockhart for a good time.

Mrs. Robson is visiting with daughter, Mrs. C. A. Rimbey at Rimbey this week.

A family named Myers has moved onto the Munro farm.

It is reported that Oscar has froze up and not able to get out much snow.

Hert Stevenson has returned from Calgary to stay this time. We wonder what the attraction is.

Orion Pike is kept busy sawing and grinding, these days.

Wallace Collins of Stettler country has been visiting with his brother C. A. the last week.

Don't forget the regular meeting of the U.F.A. on the evening of February 14th. A good program, also the report of the Calgary delegates to the convention. His feed, men don't forget your troubles.

The Bentley Rimbey Movie Concern is making arrangements to show in the Lockhart hall as soon as the roads are good. Come on boys, we will do all we can to help you.

The school is crowded this winter and under the able management of Mr. Irvin the children are making good progress.

Carl Gellins' new house is looking up. It is about the best house in the valley when it comes to the weather.

Mr. Tiner is doing the work.

Perry Riter from south of Bentley is a frequent visitor in this neck of the woods. Wonder what brings him here.

No. 1 large Rats \$4.25 this week. See Dr. Nature Store. 748-tfc.

L. Knud's News

The Lakeside Young People's Society met at the home of Mr. and Mrs. Steve Abbott, and a very enjoyable evening was spent.

We hear Wilkins McIntosh has been in the Lacombe Hospital this week. Reports are to the effect that he has been bothered with heart trouble. We would advise him to try Dr. Bates.

Will Mitchell spent Wednesday and Thursday at H. Scott's, west of town.

We hear P. H. Peterson's are rising another dance. We hope it won't be long.

Word was received from Miss Hill recently, and she reports the weather lovely at Long Beach.

Born—To Mr. and Mrs. F. Moore on Jan. 23 a daughter. Latest reports are that Mrs. Moore and Baby are progressing favorably.

We hear that Harold, otherwise known as Hop, has been a frequent visitor at High View Farm. It is a secret, but he and Miss Wright are practicing a duet for one of the Young People's Meetings.

Miss Mitchell is expected home for a short visit after which she leaves enroute for the east for an extended vacation. We wonder if she is going alone. Not said.

Mr. Bauer is keeping the road in good shape at Chigwell.

Alfred Gervais spent Sunday at the home of J. E. Mitchell's. We wonder what the attraction is.

Mrs. F. Langrock spent Sunday with her parents, Mr. and Mrs. U. E. Reeves, at Lacombe.

**Why the Deering Costs Least per Year of Service and Strength**  
You have heard a lot about light draft in a grain drill. Some dealers are sold on that argument alone. In the Deering grain drill, which is one of the easiest pulling drills on the market, light draft is not secured at the expense of strength and durability; strength is placed where strength is needed. The frame is built of angle steel, riveted and bolted to form a durable foundation for the support of the grain box. The front end delivery, the continuous axle, the steel cover, the disc or shoes are placed under the axle, removing much weight. The rear pressure on the disc or shoes, all grow in the making of the best drill for Western Canada. See our complete stock; let us show the drill to you and then buy on its merits.

### Rimby News

We think it is about time for a regular train service between Lacombe and Rimby, as the travelling public are often in a hurry to arrive at their destination, and with the present service, unless one is lucky he must stay at Bentley overnight, both coming out or going in from town. We advise all those travelling on this line to have rooms reserved for them before leaving Lacombe or Rimby, as Bentley's Hotel is full to overflowing, almost every day.

Mrs. C. D. Dewar, of Vulcan, Alta. and family were in Rimby for a few days, enroute to the farm of Mr. Dewar at Buck Lake, while in town they stayed at the Windsor Hotel.

Mrs. Bowers arrived in Rimby on Friday's train and left for her home near town with her husband. While coming from the Bentley station on Thursday, she had the misfortune of having one of her hands, and her nose frozen.

Mr. Longmore of the John Deere Plow Co. was a business visitor in Rimby this week.

Mr. Batford of the Soldier's Settlement Board was in Rimby last week receiving applications from several soldiers for loans and left on Sunday last for Calgary.

The telephone men are busy these days putting up cable as there are now too many private phones for the single line system; a new switch board is also being installed.

The dance on Friday last was not as well attended as was hoped, owing to the cold weather. But, future dances given by the "Bing Orchestra," are bound to be better attended as the people are putting on very good dances twice a month.

Here is your chance—if you are a young girl, heiress to a fortune, or a handsome widow with a farm. We are detailed to find wives for two young men, (Texas) a handsome cowboy, and is some lover, and (Missouri) the man who chases gloom. Both men want to marry for love if you have any money! Applications received at this office, or see them at the Windsor Hotel.

Why is it that when the cold snap hits Rimby, so many of our citizens go north?

Mr. Veckind left for the U. F. Convention at Calgary on Tuesday as a Rimby Delegate.

Mrs. Bower and daughter arrived in Rimby on Friday's train, enroute to their farm near Rimby.

E. A. Connolly returned from Edmonton on Friday last.

The Chinese Restaurant and Laundry is being fast rushed to completion and will be open for business some time next month.

Harry Brown of Edmonton, Veteran of the 51st batt., an old timer of Lacombe, was in Rimby last week working on the telephone line; he left on Sunday last for his home in Edmonton.

Mr. Jackson made a business trip to Calgary on Sunday last.

The Picture Show in Rimby is greatly appreciated by all, as it makes the town seem more like a city. The picture shows here are the very latest and best, coming direct from Calgary. Don't forget they are showing every Tuesday and Saturday in Rimby.

Born—To Mr. and Mrs. George E. Preston, of Monte Vista, on Jan. 2nd, a daughter.

Mr. Burn of Iowa was in Rimby last week after a trip to Calgary.

Oh, yes the warm wave struck Rimby all right. The Thermometer hovering around 50 below all last week.

Mrs. Pickwell of Warwata, Sask., is at present visiting Mrs. Hewitt in Town.

# Large Sums For Unemployed Returned Men

Ottawa.—In the neighborhood of one million dollars has been paid to ex-servicemen of work since the opening of the federal emergency appropriation. It was announced here today from all Canadian centers are not yet complete, but the estimate includes the cost of administration as well as the unemployed amounts paid to the men.

In the first week of January alone there were 17,000 applicants who had returned from the front. The cost of administration was \$5,307. It was the holiday season, and that payments were made without much investigation, because it was feared hardship might be worked if officials were too strict. As soon as there was time, every case was investigated, until now, the list of "returnees"—those who come back weekly for money—is said to be almost wholly defunct.

Gen. A. E. Ross, C.B., who has charge of the administration of the fund, said it was fairly certain the total spent would not be more than \$3,000,000. "The first month was our heaviest, and we required just about a million dollars," he said. "The relief is withdrawn at the end of March and the list is much smaller now than in January, owing to a thorough weeding-out by investigation."

## Undeveloped Wealth In Manitoba

John Morrison Also Urges More Railway Facilities for Natural Resources

Winnipeg.—The value of northern Manitoba in natural resources, in timber, in minerals, water power and fish, and the opportunities there were for agricultural development in sections, were laid before the legislature of Manitoba at its last sitting by John Morrison, M.P., who declared that untold wealth was awaiting the advent of capital and railway facilities to be made productive. Mr. Morrison's strong plea for the establishment of a mill for making paper out of pulpwood was regarded as particularly applicable at the present time.

S. M. Hayden also took part in the debate for the address, and said that the people of Manitoba would welcome the day when the inter-provincial traffic in strong drink was prohibited.

## 9,000 Pensioners Now Affected

Ottawa.—Nearly 9,000 pensioners and dependents are affected by the transfer of payment of British pensions to the Canadian board of pension commissioners which has now been made. The pensioners in receipt of Imperial pensions, however, are still under the office paying Imperial pensions. Ottawa and "mixed" address him in forwarding letters or documents to the Canadian office, which has full control of expenditures, staff, etc., the money in question being forwarded by the British government.

## Trade With Enemy Question Opened

Toronto.—The proposed repeal of a clause in the constitution of the Canadian Association of British Manufacturers, which forbids trading with the enemy's late enemies, was discussed at a meeting here, but no decision was arrived at. A postal vote will be taken on the question. The association represents 400 British manufacturers and is comprised of 85 members. G. A. Marshall was elected president.

## Former Kaiser Receives Congratulations

Two Huge Carloads of Flowers and Other Gifts on His Birthday

Amsterdam.—The staff of the Amsterdam telegraph office was increased in order to handle the flood of telegrams received by former Emperor William of Germany on the occasion of his birthday.

Two huge carloads of flowers and other gifts were delivered at Buitenveld Castle, where the one-time emperor is banished.

The Queen's commissioner for the district of Utrecht, who arrived at Amsterdam during the afternoon, called at the castle. The celebration inside the castle was a quiet one.

There must be something wrong with the rate of some people who do their duty as they see it.

# Exchange Rate Causes Concern In Great Britain

London.—The renewed slump in exchange is conspicuously featured in morning papers, some of which apply such terms as "chaos" and "grave crisis" to the position, which they declare threatens to bring to a stand still international trade, or drive nations back to barter. Some of the papers advocate a settlement of the difficulty by an international conference, which the bankers recently asked the government to convene, and which, according to some sources, the government had already invited.

Others are not inclined to place faith in such a convention.

The Daily Mail is amongst those who say: "So far as Great Britain is concerned, there are three obvious remedies, namely, to cease printing paper money, economy and increased production."

The Post deprecates the tendency in some quarters to charge the United States with profiteering when explaining the trouble.

# Says One Big Union Is Unlawful

Attempt to Gain Control of Labor for Reds and Revolutionaries

Winnipeg.—That the One Big Union was in itself an unlawful conspiracy was a statement made by J. J. Andrews, K.C., in opening his address to the jury at the opening session of the trial of the strike leaders. Mr. Andrews said that the crown will argue that this case was brought to test the legality of the One Big Union, and the general strike which was used to demonstrate the solidarity of labor; that the strike has the public by the throat.

Mr. Andrews declared the reason why the One Big Union was unlawful was because it was organized with a view to the overthrow of the government by the compelling force of massed action. One of the planks in its platform, he said, was the sympathetic strike, which the crown counsel, on behalf of Canada, contended was unlawful.

Mr. Andrews concluded his address to the jury before the adjournment, and P. E. Langdale, barrister at law, in the department of militia district number 10, was the first witness called upon resumption of proceedings.

In the course of his lengthy address to the jury, Mr. Andrews referred to the critical conditions in which the war had left the country, and the consequent duty resting on all good citizens to work for restoration of normal conditions. "What would the jury think of those who welcome these critical days as a favorable ground in which to sow seeds of discontent?" he asked the jury. In 1917 some men commenced work to gain control of labor for Reds and revolutionaries.

The crown counsel then traced the alleged conspiracy, citing alleged attempts of the radicals to get control of the Winnipeg Trades and Labor Council from moderate labor leaders who believed in constitutional methods. Articles that appeared in the Labor paper, of which the accused, William Ivens, was editor, would be introduced to show the development of this movement.

Andrews referred to W. A. Pritchard as the principal light in the constellation of the Socialist party of Canada, a man who had come from British Columbia to speak in support of the Winnipeg strike.

## Monarchy For Hungary

New King Will Be Chosen Immediately After National Assembly Meets

Budapest.—Hungary will be a monarchy and the new king will be chosen immediately after the national assembly convenes, said Premier Huszar, speaking at the national assembly on February 16, which will be elected a chief of state, said the premier.

"It is clear that Hungary will be a kingdom, but it would be premature to mention the name of those considered for the throne."

The premier's words were greeted with enthusiastic cheering.

## Investigate Sim's Charges

Daniels Is Asked to Submit Full Information on Condition of Navy

Washington.—Charges by Rear-Admiral Sims that the navy was not prepared to enter the war in 1917 are to be investigated by the senate subcommittee already entrusted with inquiry into the navy's conduct of the war, which has been criticized by the same office. Acting on a written suggestion from Admiral Sims, Chairman of the naval committee, which Secretary Daniels today has asked full information as to the condition of the navy just prior to entrance of the United States into the war.

## Witnesses Fees to Be Increased

Winnipeg.—City witnesses attending criminal trials in Manitoba law courts will receive an increase of from \$12.50 to \$3 a day, and country witnesses an increase of from \$1.50 to \$3 a day, by an order-in-council to be passed in a few days, the attorney general, announced. The present scale has prevailed for thirty years, when the practice of paying witnesses was first legalized in this province.

## Record Cereals Export

Buenos Aires.—Argentina's exports of cereals during the first 24 days of 1920 were the largest ever known for a similar period, according to figures made public by the customs house. The exports totaled 640,000 tons, consisting of 320,000 tons of wheat, 260,000 tons of maize, 50,000 tons of linseed and 20,000 tons of oats.

## Passports Refused

London.—The government has refused passports for James Ramsay MacDonald and Charles Roden Buxton to go to Russia as part of a delegation appointed by the International Socialist Congress at Bern. The decision was taken after consultation by Premier Lloyd George with Premier Nitti of Italy and M. Llerenas of France.

## Oppose Bolshevism

Copenhagen.—It is reported that a Ukrainian army of 60,000 men is organizing against the Bolshevik forces in the neighborhood of Kamensk Podolsky. This report comes from Vienna.

## Farmers' Party Formed in Nova Scotia

Kentville, N.S.—Nova Scotia has given birth to a new political party. After the convention of the Nova Scotia Farmers' association was closed, some of the members and others attached to the number of one hundred, held a meeting to consider the farmers' platform adopted by the United Farmers of the West and Ontario.

## Plan New Cable

Amsterdam.—The Western Union Telegraph Company is planning construction of a direct cable between America and Holland, according to the Handelsblad.

## Big Increase In Immigration During Past Year

Ottawa.—Immigration to Canada for the calendar year 1919 totalled 117,633, an increase of 67,593 over 1918, or 134 per cent. Of the 117,633 new settlers who entered the Dominion last year, 57,221 were from the British Isles and principally soldiers' dependents; 52,064 from the United States, and the balance of 8,348 from other countries.

In 1918 the totals were: British Isles, 4,681; United States, 40,194; other countries, 5,592.

Immigrants from the United States, the majority of whom were of the farming class, brought with them to this country cash and effects amounting to \$18,419,406, compared with \$7,351,047 in 1918.

Of the Americans who took up residence in Canada last year, Alberta attracted more than any other province. The number who went there was 15,383; Ontario got 12,981; Saskatchewan, 8,672; Quebec, 4,617; Manitoba, 4,463; British Columbia, 3,601; Maritime Provinces, 2,593; and the Yukon territory, 140.

Ontario was the favorite province for the British settler last year, receiving a total of 23,914 British Columbia came next with 8,346; Manitoba, 5,918; Alberta, 5,867; Quebec, 5,513; Saskatchewan, 5,087; Maritime Provinces, 2,609; and Yukon territory, 7.

Last year 26,281 persons were rejected as unable to comply with the immigration regulations.

The increase in rejections at border points was 182 per cent. over 1918. At ocean ports the rejections last year were 497, compared with only 53 in the previous year.

Deportations at points on the boundary between Canada and the United States fell off last year, the figures being 288 in 1919 and 371 in 1918. At ocean ports there were 203 deported in 1919 as against 130 in 1918, an increase of 56 per cent.

# Great Changes Seen In Great Britain

San of British Premier Says Large Landowners Are Being Eliminated

New York.—That Great Britain is undergoing great economic and political changes during the period of reconstruction following the war, is the opinion of Major Richard Lloyd George, son of the British prime minister, who is in the United States on a business trip.

To the Canadian Press he voiced his regret that his hurried trip to this country on business affairs made it impossible for him to visit Canada. He will sail for home February 14 on the Adriatic.

One of the most important changes in England, he said, is the breaking up of our system of large landowners, who are selling their holdings because they are unable to pay the heavy taxes that have been imposed upon them. In the sale of these properties they are reserving the first opportunity of selling to the tenants who have been on the land for many generations. By the establishment of many small farmers as property owners, we are creating the thrifty peasant class in Britain, which has been such an aid to France and Belgium in rebuilding their war-damaged countries.

The land-owning classes came in for praise from Major Lloyd George, who said they had made no effort to profiteer during the war and deserved an enormous amount of the credit for victory.

As to the feeling in Britain over the lifting of the embargo against Soviet Russia, he said:

"Feeling in favor of re-opening trade with Russia has been growing for some time and is very strong at present, especially among the laboring classes. But you need attach no importance to a statement by me as a business man, not interested in politics. The labor party in Britain is undoubtedly growing stronger and stronger. It is showing its influence everywhere, especially in the by-elections. However, no party is strong enough to dominate the government in Britain. Whatever change comes about, the government must continue to be one of coalition, as it has been during the war."

## Condemns Irish Education Bill

Catholic Clergy Describe Measure as Demoralizing Scheme

Maynooth, Ireland.—Strong condemnation of the proposed Irish education bill was expressed at the assembly here of the cardinal archbishops and bishops. Speakers described the measure as the most demoralizing scheme put forward for Ireland since the act of union. They declared that until Ireland was governed by itself an attempt to abolish the existing boards of education as proposed by this bill would be resisted as the measure deprived the clergy of control. If it were put in force, it was insisted, it would be the duty of the hierarchy to instruct Catholic parents regarding the education of their children.

## Disposition of German Vessels By Brazil

Rio Janeiro.—The question of final disposition of the 45 German ships taken over by Brazil during the war, some of which were leased to France, is again keenly occupying public attention.

President Pessoa said that it was his personal opinion that Brazil, as a matter of honor and by reason of her signature of the peace treaty, should expropriate Germany's tonnage of 23,000,000 for possession of the ships.

## Water Famine In Nova Scotia

New Glasgow, N.S.—Two months with scarcely any rain and 23 consecutive days of zero weather have caused a water famine in country districts. Wells and springs have gone dry and streams and sheet water are ice. In some places there is ice seven feet in thickness. Many farmers are hauling water a distance of two miles for their stock.

## There Is No Cause for the Man Who Lies to a Child

Amsterdam.—The Western Union Telegraph Company is planning construction of a direct cable between America and Holland, according to the Handelsblad.

## Women Are Stowaways

Steamship Officials Are Now Warned to Thoroughly Search Vessels

New York.—Women stowaways have become so numerous since the war ended that immigration officials cautioned all steamship companies in this port to have their vessels carefully searched before departure from the wharves.

An instance of the heavy stowaway trade was cited by an official, who declared that a steamship which reached an American port recently from Europe brought "more than twice as many female stowaways than the ship numbered among its crew."

## Red Star Line Service Resumed

New York.—The full Red Star line Antwerp-New York service, with the American steamers Kroonland and Finland and the British steamers Lapland and Sealand, will be resumed after February 28, the International Mercantile Marine company has announced. The Kroonland and Finland are being reconditioned in New York shipyards, and the Sealand is England, after serving through the war as transports.

## American Steamer Wrecked

Captain and 22 Men Are Missing From "Milo"

New York.—The American tank steamer "Milo," from Matanzas, Cuba, January 28 for Philadelphia, broke in two and sank at sea, according to a wireless message received here by the naval communications service. One boat with the chief officer and 17 men has been picked up by the steamer Oatette, and another boat with the captain and 22 men is still missing.

The "Milo" was owned by the Cuba Distilling company, and she carried a cargo of 1,600,000 gallons of molasses in bulk.

London.—An agreement on all the principal points at issue has been reached between the Italian cabinet and the leaders of the striking railwaymen, according to a Central News dispatch from Rome. It is expected the strike will resume to work immediately, the message added.

## For Territorial Army in Britain

Army Will Comprise Footstep Divisions, But Not Foreign War Theatres

London.—Winston Spencer Churchill, secretary of state for war, outlining the plan for territorial forces, said they would be organized as a territorial army comprising 14 divisions approximately as closely as possible the regular army divisional makeup.

Mr. Churchill declared territorial forces would not be sent to foreign war theatres unless they volunteered for this service and unless authorized by parliament and the reserves had been called up.

## Clemenceau to Visit Egypt and France

Absolutely Sincere in His Decision to Remain in Retirement

Paris.—Former Premier Clemenceau has reserved a last-minute on the steamship "Lafayette" for his return from Egypt, he is reported to be absolutely sincere in his decision to remain in retirement, and under no consideration to be drawn again into the turmoil of politics. To the editor of L'Homme Libre he remarked the other day, amid his defeat in the test vote of parliament on the Presidency work before last: "Some people need a hint, others a kick. I am through. My enemies may think I received a kick, but I am through. I am off to Egypt, then, well, we shall see, perhaps India."

## Dunvegan Line Not Wanted By C. P. R.

E. W. Beatty Declares Company Is Too Heavily Capitalized

Calgary.—The Canadian Pacific Railway does not want the Edmonton-Dunvegan railway, and has no intention of purchasing it from the McArthur interests, said President E. W. Beatty of the C.P.R., who stopped off here for a short time on his return from the Pacific Coast and on his way to Edmonton. The president said the capitalization of the northern road was too high, and there were other features that made it undesirable for the C.P.R. to consider the purchase.

A Grande Prairie delegation was here to interview the president and to suggest that the provincial government purchase the road, and allow the C.P.R. to purchase it then. President Beatty refused to discuss the wreck at North Bay, stating that in view of a possible second inquiry, it would be out of place to say anything.

## Women Are Stowaways

Steamship Officials Are Now Warned to Thoroughly Search Vessels

New York.—Women stowaways have become so numerous since the war ended that immigration officials cautioned all steamship companies in this port to have their vessels carefully searched before departure from the wharves.

An instance of the heavy stowaway trade was cited by an official, who declared that a steamship which reached an American port recently from Europe brought "more than twice as many female stowaways than the ship numbered among its crew."

## Red Star Line Service Resumed

New York.—The full Red Star line Antwerp-New York service, with the American steamers Kroonland and Finland and the British steamers Lapland and Sealand, will be resumed after February 28, the International Mercantile Marine company has announced. The Kroonland and Finland are being reconditioned in New York shipyards, and the Sealand is England, after serving through the war as transports.

## American Steamer Wrecked

Captain and 22 Men Are Missing From "Milo"

New York.—The American tank steamer "Milo," from Matanzas, Cuba, January 28 for Philadelphia, broke in two and sank at sea, according to a wireless message received here by the naval communications service. One boat with the chief officer and 17 men has been picked up by the steamer Oatette, and another boat with the captain and 22 men is still missing.

The "Milo" was owned by the Cuba Distilling company, and she carried a cargo of 1,600,000 gallons of molasses in bulk.

London.—An agreement on all the principal points at issue has been reached between the Italian cabinet and the leaders of the striking railwaymen, according to a Central News dispatch from Rome. It is expected the strike will resume to work immediately, the message added.

## Big Increase In Immigration During Past Year

Ottawa.—Immigration to Canada for the calendar year 1919 totalled 117,633, an increase of 67,593 over 1918, or 134 per cent. ## LINCOLN NEWS

Born—On Jan. 26, to Mr. and Mrs. N. B. Saunders, a daughter.

There will be a programme, Box Social and Dance in the Lincoln School House on Friday, Feb. 20th. The entertainment will commence sharp at 8 o'clock. Everybody welcome. Don't forget the date.

The dance given by Mr. J. Ross on Friday, Jan. 20th, which was to have taken place in his new barn was given in the Lincoln School house instead. Owing to the severe weather which prevailed during the last week it was found impossible to complete the work necessary for the comfort of the guests expected and at the last minute new quarters had to be found. About 250 people turned out, many of them having come a considerable distance.

Mr. C. M. Carpenter acted most ably as floor manager. Mr. Wm. Doole assisted Mr. Carter in calling off some of the dances. Mrs. Carter looked after the supper and with the assistance of many willing helpers, the good things provided were soon passed around. During the supper interval, Mr. Dobbs sang "Freckles." Mr. Leslie Jewell sang several Hawaiian selections accompanying himself on the banjo.

Mr. Dobbs and Mr. L. Jewell rendered "Till We Meet Again" most feelingly after which the dancing was again in full swing.

The music which was provided by Miss M. Evans, Mr. P. Evans, Mr. Johnston and others, was all that could be wished for. One feature of the evening was the "Lumberjacks Jig" which Mr. Wm. Doole and Miss Marquett stepped to a lively air both keeping perfect time. Their dancing was much appreciated.

The appreciation of the people present was shown by giving three cheers for Mr. Ross followed by a "Tiger." About four o'clock Saturday morning saw the last of the people leaving for home.

Mr. C. D. Eadie has been at home during the last few days. Threshing outfit has not given up yet. They are only waiting for a little milder weather. Nobody blames them.

Little Elmer Carter came home on Saturday after having been confined to the hospital where she was operated on for appendicitis. We are glad to see her home again.

The district is fast filling up with returned men. We are delighted to see them coming in and hope to see more of them in the spring. This is the district men. Come right along and we will soon be able to have as fine a district as any in the province.

Oh, what it is to be a victim of Cupid's Arrow. Most of us perhaps feel the effect sooner or later. We will have to try and shut that rascal Cupid out the next time there is a dance in the school house, then all the young people will be able to "step" on the floor together. Boys and girls settle your love affairs "After the Bell."

In spite of the hard weather and bad roads, the attendance at the school was splendid which again proves that our school teacher is most popular with the scholars.

The councillors for this end of the Municipality will have his hands full this year. He had better be prepared for what is evidently in before him. Read work on no small score will be

expected as soon as it is possible to carry on with that important, and most necessary work. This is only in the way of timely warning.

**Blackfalds News**  
—  
Mrs. W. D. Gibbons has been very ill for the past week, but we are glad to hear she is improving nicely.

Mr. Oscar Kjellberg, who has been visiting his parents in Minnesota and just returned to Blackfalds a few days ago says Canada is a good enough for him.

Mr. Frank Stephenson has been very busy transferring passengers from Burbank from the C.N.R. to Blackfalds.

Mr. Sid Godfrey, one of our old homesteaders is staying with H. Gibbons this winter trapping furs. The last we heard of his catch he had got three white weasels. Sid says fur is ready cash.

Mr. Dixon was in our village this week buying cattle. He is paying top prices for good stuff.

Mr. M. Madden has been loading cars at the point with straw and shipping it south where feed is scarce.

Mr. Wells has been in our vicinity taking up a collection for Mr. Petrie who had his house and contents all burnt, recently. He has a family of ten children. It would be good if all his neighbors would donate a few dollars to him in this kind of weather, as they are in need.

Mr. R. B. Golightly has been hauling grain to town this week. He can stand the zero weather better than the writer can.

Mr. John Atsinger is hauling barley to town. He sold to J. A. Martin, the Grain Merchant.

Mr. Ernest Jones is hauling wood in to Lacombe; he says wood is in good demand in that city this winter.

Mr. Joseph Capron and son was out to J. A. Bennett's place looking at his pure-bred Angus Bull. Uncle Joe says he is one of the best in Alberta for a herd header.

W. D. Gibbons is expecting his son-in-law, Mr. Blackfoot from Neb. any time. If he gets here very soon he may see some of Alberta winter yet. J. A. Bennett sold J. T. Laing two cows this week.

Mr. W. D. Gibbons is hauling his wheat in to the elevator.

Convention along with other U members of the local.

Miss Gardiner has been laid up with a cold for the past three weeks, but is now able to be around.

Fur prices are going up these days. Johnny Taylor took one coyote hide and four weasel hides to Ponoka and received twenty-one dollars and twenty-five cents for the furs. Boys! look out for the furs, as there are plenty for all.

Mr. and Mrs. Saure are enjoying a few days visit from a Satinwood friend, Mr. W. S. Waldern.

Mr. Waldern and Mr. Saure are away on a fishing trip. Hoping they return with good success.

We are sorry to hear of the fire which burned down Satinwood school house. Which means such a loss to the community until they get another one erected, which we hope will be soon, for the children's sake.

The Willmont school starts on the first of February with Miss Bessie Sharpe as teacher.

Grand Masquerade Carnival Friday

The High School Masquerade Carnival will be pulled off on Friday. It was postponed on account of the severe winter weather. We would like to see as large a crowd as possible present. Don't be afraid there won't be room for you, as it is a large rink. The Town of Lacombe is anxious to know exactly how many people the rink will hold, and the High School Athletic Committee need the money so turn out. If you can't go yourself, don't let that keep you from buying a ticket. The Red Deer Band will be in attendance, and there will be many beautiful costumes, and good programmes of ice sports. Be there on Friday. Come early and avoid the rush.

was postponed on account of the severe winter weather. We would like to see as large a crowd as possible present. Don't be afraid there won't be room for you, as it is a large rink. The Town of Lacombe is anxious to know exactly how many people the rink will hold, and the High School Athletic Committee need the money so turn out. If you can't go yourself, don't let that keep you from buying a ticket. The Red Deer Band will be in attendance, and there will be many beautiful costumes, and good programmes of ice sports. Be there on Friday. Come early and avoid the rush.

"Farmers To The Front" Editor The Globe.

Sir:—Public interest in a rapidly growing institution will be stimulated by the action of the U. F. A. in the convention at Calgary, in petitioning the Alberta Government to legalize the practice of Chiropractic.

This action on the part of the farmers taken up back to the work of the last session, when J. G. Turgeon, member for Ribbons, organized one of the snappiest fights of the session in support of his Chiropractic bill. His supporters backed this bill almost through the second reading, and the division of the house, as evidenced by the final vote, stands as a tribute to the validity of the bill. Now the farmers come forward with a flat footed resolution that the practice of Chiropractic be legalized.

This may lead the uninitiated to ask: "What is the practice of Chiropractic?" The answer, briefly put is: "Where a joint on the human spine is out of place, replace it." These new healers never speak of cure of their treatments as a "Treatment"; it is always spoken of as an "adjustment." They readjust those joints which are out of place along the spinal column, allowing the nerves to perform their normal functions.

A careful study of the back bone structure teaches these specialists how vertebrae pressure may act upon the nerve. A nerve which leads to the eye, the stomach, or other parts of the body may be pressed upon, and retarded in the action by a slight misplacement of vertebrae. Blindness, chronic constipation, or other ills may be the result—an ill which might puzzle the medical profession for years. But the Chiropractic reasons effect from cause; if the eyes are affected he examines those nerves which lead to the eye from the spine. If the vertebrae where these nerves meet the spine is

out of place he sees it at a glance, and readjusts it. This permits the healthy action of the nerve, and the ailment quickly disappears in consequence.

This system is simplicity itself, is absolutely foreign to any treatment by drugs or medicines, and is already working miracles in the way of cures. Naturally the system meets with the violent opposition of the medical profession. Many of them—practicing their professions in opposition of the existing law—have been persecuted and fined heavily for the doubtless sake of relieving human suffering.

It is too, in the face of the fact that the majority of the cases actually cured by them have defied the skill of the medical profession for years.

Recognizing the rights of the older school, the Chiropractor asks only that he be tried upon the merits of his work. He asks us in simple language:

"If the Chiropractic science restores health, why should there be any law restraining its practice?"

Harry W. Laughey.
